COURSE POLICIES

Attendance: This course does not meet as a regular class.

Contacting the Instructor: Please ONLY use the CANVAS mailbox.

Also, please note the timeframe that I will use for responding to emails: standard office hours (8AM – 4PM, M-F). This timeframe means that if you email me at 9:00 PM I will not respond until 8:00 AM the next business day.

Late Assignments: All assignments are submitted through CANVAS. You are expected to complete all assignments within the course during the timeframe specified. Points will be deducted for late assignments.

If you submit your Journals and Final Assignment AFTER the due date, but before the end of the grace period (2 days), you will receive .2 off that Journal or Final Assignment. If you submit your work AFTER the grace period (3 or more days), then it’s .3 per business day. Please keep track of each due date and submit your work on or before each due date.

Follow the instructions provided for each individual Journal, which are all located in Assignments in CANVAS. You are responsible for submitting five (5) Journals. Each Journal has an open and close date, you MUST submit your Journals by each due date to receive credit. I will not accept back to back journals. In other words do not send two or more journals together or wait until the end of the semester to submit them all. You will not be given credit for these types of submissions. It is your ultimate responsibility to submit each portion of this course via CANVAS on time.

If you encounter any technical issues with Canvas you should contact the help desk at (352) 392-HELP. I will not accept late Journals, the Final Assignment or the Quizzes unless you have a “ticket number” from the HELP Desk. Please include the ticket number when you email me about your technical issue via my CANVAS email.

Assignments are due on the dates listed in the syllabus, with the following exceptions:

- University-excused absence – You must provide the instructor and site supervisor a written notice of excused absence before your absence.
- Medically-excused absence – You must provide a written notice of excused absence immediately after your return to both the instructor and the practicum site supervisor.

Academic Integrity: Any assignments that you submit must be original works authored by you as an individual student in the course. Your thoughts are unique and valuable, and written assignments provide you with an opportunity to share your insights about our class topics with me. Please remember, that as a result of the registration process at the University of Florida, any enrolled student has acknowledged the following:

...the students of the University of Florida recognize that academic honesty and integrity are fundamental values of the University community. Students who enroll at the University commit to holding themselves and their peers to the high standard of honor required by the Honor Code. Any individual who becomes aware of a violation of the Honor Code is bound by honor to take corrective action...

and have agreed to the Honor Pledge:

We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity by abiding by the Honor Code.

Furthermore, on all work submitted for credit by students at the University of Florida, the following pledge is either required or implied:

On my honor, I have neither given nor received unauthorized aid in doing this assignment.

SPECIFICS REGARDING EACH ASSIGNMENT

Syllabus Quiz (5 points):

Before taking the Syllabus Quiz (5 points), you will need to read this syllabus thoroughly. After reading the syllabus in its entirety, click on Quizzes to take the Syllabus Quiz worth 5 points. The Syllabus Quiz will only be for the first two weeks of class. You may retake this quiz up to 2 times to get a perfect score, be mindful that you are responsible for the contents of the syllabus at all times during the semester you are enrolled.

LinkedIn Profile (10 points):

Practicum is considered an emerging professional experience, and as emerging professionals we in FYCS want to help make your transition to the "real world" as successful and smooth as possible. Our goal for this professional LinkedIn profile is to help make you as marketable as possible. One of the requirements for this course is to create a LinkedIn Profile. There are two YouTube videos (included in Assignments) that describe, detail and instruct you on how to create your LinkedIn profile. This profile will include your basic information (you may add specific information to your profile by clicking on “view more” to add: language, volunteering experience and opportunities, organizations, courses, projects, publications, and certifications), a summary, list your experience, education, additional info, honors and awards, and groups (for 2 points extra credit you may choose to join the UF FYCS Department Group on LinkedIn).

You may already be "LinkedIn" with your instructor, Kate H. Fletcher, M.S., if that is the case I will be able to access your account. If you are not already “LinkedIn” with me, please “invite” me. Once you have “invited” me I will receive an email with your invitation (the process is very simple). You will have 2 months to create and add to your LinkedIn profile. I encourage you to add me early so that you can see my profile (as an example). I must have access to your LinkedIn Profile by the due date (see course calendar) so that I may grade your profile. Remember, this profile will assist you when you are gearing up to graduate and make that first step into the real world. LinkedIn is considered the “Professional” version of Facebook, so do your best to market yourself accurately and well. If you have any questions or comments please email your instructor in Canvas. There is a grading rubric available to consult when creating/updating your LinkedIn profile.
In order to help students reflect on their practicum experience, each student will be responsible for keeping a journal. Students will have to post their reflections five (5) times throughout the semester. Each journal will be slightly different so please pay close attention to the directions for each Journal entry.

There are specific questions to answer for each of the four journal entries. Each entry must include the following:

- Site name,
- Total hours reported for the current journal submission,
- Dates that correspond to the hours reported for the current journal submission, and
- The Cumulative hours.

Journal entries must be submitted on or before their respective due dates, failure to do so will result in a loss of points. Each journal entry must be submitted directly into the Assignment textbox, not as an attachment. Loss of points will occur for grammar or spelling issues - PLEASE PROOF READ YOUR WORK before hitting the submit button. It is also possible to lose points for not following instructions. Minimum word requirement for each journal entry is 500 words, which does not include any questions asked, only your responses/answers. Not all journals will require a written submission, so please pay attention to the directions for each journal.

**Journal 1** will ask you questions that will help get you “thinking” about your site and how what you’re doing applies to FYCS/Nonprofits. For those of you who took FYC3001, these questions are very similar to the SLJ questions.

**Journal 2** will ask you to move past those initial thoughts discussed in Journal 1. Journal 2 requires you to “dig deeper”-to make significant connections between your practicum site and any of the courses you’ve taken at UF. Please include up to three (3) references to support “best practices” in this specific environment (organization, agency, NGO, public/government, private). You may use specific theories and/or theorists to support “best practices”. You may also use journal articles too.

**Journal 3** is geared towards a mid-point evaluation of your progress with your Practicum and a mid-point evaluation of your Practicum Site.

**Journal 4** will be an Electronic aka E-Portfolio (EP). This will be a way for you to showcase your work at your Practicum.

- The purpose of this EP is to showcase/highlight what you have accomplished during your time at your Practicum site. Since there is a great level of diversity in FYCS and the Nonprofit minor, this is a unique opportunity to “showcase” all the various activities you’ve been involved and evidence of learning “on the job skills” during this semester.
  - This E-P will be a creative way for you to showcase your body of work at your Practicum site, therefore a variety of platforms will be accepted, including, but not limited to: Youtube, Google Sites, Wix, Prezi, ePortfolio in Canvas (check the box “Make it Public”).
- Your E-P will allow you to connect back to your original learning goals and objectives, all that you’ve accomplished at your site, and an opportunity to showcase your talents.
- Your intended audience will be for all of the following: Self, Instructor, Peers, Prospective Employers, and FYCS/CALS/UF.
- Due to the timing of this Journal (late in the semester) please view this E-P as an intentional way of presenting an in-depth body of work, reflection, and assessment of your learning this semester.
Journal 5 will ask you questions that will help you reflect on your practicum/emerging professional experience.

Late Journal Submissions: All Journals are submitted through CANVAS. You are expected to complete all Journals within the timeframe specified.

- If you submit your Journals AFTER the due date, but before the end of the grace period (within 2 days of the due date), you will receive .2 off that Journal.
- If you submit your work AFTER the grace period (3 or more days after the due date), then it's .3 per business day.
- Please keep track of each due date and submit your work on or before each due date.

NO TWO JOURNALS WILL BE ACCEPTED DURING THE SAME WEEK OF THE SEMESTER.

Final Signature Form (50 points):

Prior to starting practical work, students should have completed and had their adviser approve the Practicum Proposal for FYCS Practical Learning Experience. Upon completion of the proposal you should make a copy and share it with your agency supervisor. The practical work component of this course counts for 50% of the overall grade (50 points out of 100).

Once you have completed the required hours, complete your portion of the Final Signature/Evaluation Form and give it to your Agency Supervisor. The form must be signed and completed by your site supervisor.

The Final Signature Form will then be emailed to khfletch@ufl.edu

NO EXCEPTIONS. If you continue to work beyond the designated hours please be certain this form is completed by your supervisor before the final due date and time so that an S or U grade can be entered. Failure to submit this document by the due date and time will result in an unsatisfactory grade or "U" for the course.

EXTRA CREDIT OPPORTUNITIES

There are several extra credit opportunities available during the course of the semester.

1. You may "stop by my office" (virtually or physically) during the semester you are enrolled for 2 point extra credit. Please email me to arrange a time to meet, either virtually or during my office hours. Availability is available on a First Come, First Served basis. For extra credit, this meeting must occur during the first four weeks of class. Due date will be provided in canvas.

2. You may also choose to add your picture to the Class Roster for 2 points extra credit. Performing this task is super helpful for me, since I may or may not have had you in a class before. To get extra credit, this task must be done during the FIRST week of class. Uploading a picture to the Roster is as simple as uploading a picture to Facebook – follow these steps: click Setting in Canvas – you will upload your picture there. Due date will be provided in canvas.

3. For 2 points extra credit you may choose to join the UF FYCS Department Group on LinkedIn. This is a private group for FYCS affiliated people only. We post internships and jobs on this site that are relevant to all FYCS related career paths. Due date will be provided in canvas. If you have Already joined this group please email your instructor to let her know so that you can be given those extra credit points.

SPECIAL CONSIDERATIONS

Software Use: All faculty, staff, and students of the University of Florida are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for
the individual violator. Because such violations are also against University rules and policies, disciplinary action will be taken as appropriate.
